1st Place – Best Graduation Project | 1st Place – Programming Competition | GPA 95/100 (Excellent)

PROFESSIONAL SUMMARY

Full Stack & Flutter Developer with ~2 years of hands-on experience since university, delivering 6 real-world applications across mobile, web, and IoT. Strong background in full-stack development, mobile apps, and IT support — targeting roles in Full Stack Development, Flutter Mobile Development, or IT Support & Systems.

TECHNICAL SKILLS

Mobile Development: Flutter, Dart, Provider/State Management, Flutter Local Notifications, Android Studio

Backend & APIs: PHP, RESTful APIs, REST API Integration, System Integration

Databases: MySQL, SQLite, PostgreSQL, Microsoft SQL Server, MongoDB

Frontend: JavaScript, HTML, CSS, Tailwind CSS, Responsive Web Design

Networking & IT: TCP/IP, Routing & Switching, Network Troubleshooting, Help Desk Support, Windows OS

Security: Cybersecurity Fundamentals, Ethical Hacking Fundamentals

Tools & Platforms: Git, GitHub, Docker, Linux, Firebase, XAMPP, phpMyAdmin, WebView2

IoT & Embedded: PLC Communication, Embedded C++, Smart Meter Integration, KiCad

KEY PROJECTS

Smart Metering System — Award-Winning Capstone Project

2025–2026

Team • Flutter • Dart • C++ • PLC • C# • REST API • MySQL • SQLite • KiCad

- Led a 5-person team to deliver a full smart metering system — hardware, backend APIs, Flutter mobile app, and C# desktop interface. Sole Flutter developer. System won 1st Place for Best Graduation Project.

Buffet Accounting & Debt Management App

2024

Solo • Flutter • Dart • SQLite

- Built a complete business accounting app for buffet shops — daily sales, customer debts, expenses, and financial transactions — deployed for real client use.

Rental Management App

2024

Solo • Flutter • Dart • SQLite

- Developed a full rental workflow app covering customer management, equipment availability, bookings, payments, and return schedules.

Restaurant Digital Menu & Online Ordering System

2024

Team • HTML • CSS • JavaScript • PHP • MySQL • REST API

- Co-built a full-stack web ordering system with interactive menu, customer accounts, real-time order notifications, and admin dashboard.

Water Station Management App

2024

Team • Flutter • Dart • MySQL • PHP • REST API

- Co-developed a mobile operations app for water stations — customer orders, billing, daily records — owning mobile UI and API integration.

WhatsApp Status Saver

2024

Solo • Flutter • Dart • Android File I/O

- Shipped a polished mobile utility app for browsing, saving, and organising WhatsApp status media with a modern UI.

EDUCATION

Bachelor of Information Technology — Al-Hikma University

April 2026

GPA: 95/100 (Excellent)

CERTIFICATIONS

- Flutter and Dart: Developing iOS, Android, and Mobile Apps — IBM
- CCNA: Introduction to Networks — Cisco Networking Academy
- Introduction to Cybersecurity — Cisco Networking Academy
- Ethical Hacker — Cisco Networking Academy
- Foundations of Project Management — Coursera
- Foundations: Data, Data, Everywhere — Google / Coursera
- Google IT Support Professional Certificate — Google / Coursera (In Progress)

ACHIEVEMENTS & LANGUAGES

- 1st Place — Best Graduation Project, Al-Hikma University (2025–2026)
- 1st Place — Level Four Programming Competition, Al-Hikma University
- Academic Excellence and Good Conduct Recognition, Al-Hikma University

Languages: Arabic — Native | English — Intermediate
